Education

Bachelor of Science in Games, Interactive Media, & Mobile Technology — August 2023 – Current

Boise State University, Boise ID ~ Expected Graduation May 2027

Associate of Arts in Liberal Arts — July 2023

College of Western Idaho, Nampa ID

Projects

CRUD API Website — January 2025 – May 2025

- Created a mobile-responsive website with HTML, JavaScript, and SQL to display, insert, edit, and delete database records
- Implemented safe code to prevent invalid entries and hostile injections into the database

HTML Website — August 2024 – December 2024

- Created a mobile-responsive website using HTML to display a narrative detailing Animal Crossing playing habits from gathered data
- Implemented interactive data visualizations using the D3 JavaScript libraries that allowed users to sort and filter data
- Created a dynamic table using React.js that automatically changed displayed data to reflect the filters the user selected

Interactive Comic — February 2024 – April 2024

- Worked in a team of 5 as the lead narrative writer and narrative system programmer on a Unity interactive comic that discussed the Schrodinger's Cat thought experiment
- Wrote character dialogue in collaboration with the character designer
- Used the Ink plugin to implement the dialogue system
- Added visual enhancements to the text display, such as auto-forwarding, scrolling text, and auto-sizing text

XR Mobile Game — November 2023 – December 2023

- Worked in a team of 5 as an AR integration programmer for a Unity project that used image and plane AR recognition to alter a 2D platformer
- Edited Android XML files to allow for multi-device functionality
- Implemented AR plane recognition for the program to identify surfaces for users to spawn a model that would allow progression to the next scene
- Used C# to program the display to play the introductory animation and properly move to the next gameplay scene

Professional Experience & Certifications

Pharmacy Technician 3, St Luke's Health System — December 2021 – Current

- Ensured 100% accuracy on medication orders before delivery to patients
- Used proper sterile techniques to accurately prepare IV infusions
- Multitasked effectively to ensure orders with highest priority were completed in a timely manner
- Trained 10+ new technicians on proper workflows

Idaho Pharmacy Technician's License — July 2021 - Current

Certified Pharmacy Technician Certification — December 2021 - Current
